

Data on intended use of the construction product:

CD, UD, CW, UW, LWi, LWa, UA steel profiles are used for non-bearing construction parts or bearing elements of the gypsum plasterboard partition walls, claddings, and soffit for internal use. The products are not intended into corrosion-aggressive environment.—

Through this Conformity Attestation Certificate are certified the following:

Conformity of the characteristics related to the essential requirements as defined in paragraph (1) of Article 2 of Act No. 90/1998 Coll. on the construction products as amended:

tensile strength of the basic material, yield strength of the basic material, ductility of the basic material, dimensional accuracy, mass of zinc coat, adhesion of zinc coat—

of the given construction product(s) with the following technical specification(s) and legal regulations:

Technical Approval no. C4.5/01/0377/O/004 —
